OUR PARTNERSHIP APPROACH

Commitment to our partners means you can be confident you're choosing someone you can trust and rely on.

When we talk about user experience and engagement, our commitment to helping deliver our partners the best possible healthcare outcomes has been there since day one.

Compliance isn't just ticking a box; it's the best quality of life for your residents. Spotting trends and analysing data isn't just for board reporting, it's learning how to prevent incidents and improve future outcomes. Our values underpin everything we do and **we're here to help you to make a difference.**

- ✓ Workforce compliance - show regulatory bodies all training documentation in one place

MANAGING MULTIPLE SERVICES WITH OPTIMUM EFFICIENCY

DO YOU NEED A MORE HOLISTIC VIEW OF PERFORMANCE ACROSS YOUR CARE GROUP?

Our intuitive software has been designed to provide a comprehensive approach to managing all of your risk, quality and compliance in one single system. It brings together many operational, regulatory and often complex processes together so you can gain a complete oversight across your group.

As well as transparency and assurance, intelligent analytics and reporting help you identify best practice so you can quickly act on areas of concern - ultimately helping you to deliver the best possible outcomes for your residents.

"We're creating a new innovative insights model and Radar Healthcare is integral to this. We want early warnings and holistic views across our homes. Having that central spine means we can start to have proper conversations around where we can develop meaningful quality improvements and the really exciting element is the insight."

Antony Hall,
Director of Insights, Assurance and Governance, HC-One

Founded in 2012 by Paul Johnson and Lee Williams, Radar Healthcare is committed to delivering positive outcomes through digital innovation with the end goal always being to make healthcare safer.

Working with organisations across all areas of health and social care, we understand the day-to-day pressures and challenges faced, which is why we are here to help you make a real difference, now and in the future.

Over 10,000 locations are already seeing the benefits of Radar Healthcare, including:
