SECONDARY CARE TEAMS

Here at Radar Healthcare, we're dedicated to helping the NHS improve patient safety and outcomes with the best digital technology

Our award-winning software provides a comprehensive approach to managing risk, quality and compliance related activity; bringing together many operational and often complex regulatory processes into one platform. With Radar Healthcare, you gain transparency and assurance while also enabling more connected ways of working - ultimately helping to deliver improved care outcomes through:

Real time visibility of performance across multiple locations

Flexible software that fits to your organisational needs - not the other way around

Connected working, with improved collaboration and communication

Evidence of service excellence and continuous improvement

Manage risk controls such as ownership of risk, visibility, costs and more

Tools to encourage an open culture, dedicated to continuous improvement

“The analytical capabilities that Radar Healthcare offers really excites us. Detailed, real-time data makes a big difference in terms of sharing information and understanding trends. We can spot things quickly, whether good or bad. Sharing these insights with everybody to improve the way we work is really exciting.”

**Paula Wiggins, Governance Systems Manager
at Somerset NHS Foundation Trust**

UNITED ARAB EMIRATES
MINISTRY OF HEALTH & PREVENTION

Partnering with UAE Ministry of Health & Prevention (MOHAP)

United Arab Emirates (UAE) Ministry of Health & Prevention (MOHAP) is a regulator of the healthcare sector in UAE. They aim for global leadership in health with healthcare which is in line with the highest standards of excellence. MOHAP selected Radar Healthcare for 17 hospitals and 73 primary care centres across the region. We help them deliver clinical incident reporting and patient safety outcomes.

H.E. Dr. Yousef AlSirkal, Assistant Undersecretary for Hospitals, United Arab Emirates (UAE) Ministry of Health & Prevention said:

"Our key focus is to improve patient safety. We believe that incident and risk management reporting offered by Radar Healthcare's accredited system and MEMIT'S expertise in delivering cutting-edge solutions, will support us in achieving the safest patient care in the region."

Founded in 2012 by Paul Johnson and Lee Williams, Radar Healthcare is dedicated to making healthcare safer.

Our software has been developed in partnership with healthcare professionals to ensure organisations always meet regulatory standards through one single, easy to use system.

Working with organisations across all areas of health and social care, we're passionate about improving healthcare outcomes through intuitive and innovative software.

Over 10,000 locations are already seeing the benefits of Radar Healthcare. Including:
